## DEPLOY IN KUBERNETES CLUSTER:

The screenshot displays the IBM Cloud Kubernetes clusters management interface. The page title is 'Kubernetes clusters'. Below the title, there are filters for 'Resource group' and 'Location', and a search bar. A 'Create cluster' button is visible in the top right corner. The main content area contains a table with the following data:

Name	State	Location	Worker count	Created	Version	Infrastructure
mycluster-free	Normal	Milan 01	1	Expires in 29 days	1.24.7_1542	Classic

At the bottom of the table, there are pagination controls showing 'Items per page: 25' and '1-1 of 1 item'.
